### Description

Available for Pre-Order.

**Important: HGH is NOT a complete game. It is an expansion pack to the Red Sash title Turkenkrieg.**

Heirs of the Golden Horde investigates the theater of Ukraine, where the Russians attempted to destroy the power of the Crimean Tatars as a first step toward Peter the Great's dream of a warm water port.

The HGH scenarios are 2-player: Muscovite (Russian) against Tatars, who may have Ottoman backing. By combining HGH and Turkenkrieg, a 4-player campaign game is possible, adding the Imperials and the Ottomans.
