Description

Ten scenarios of what-if, as the brave Poles of I and II Corps face the Red Army in an attempt to free their homeland. With 77 new die-cut and mounted counters.

This product contains a 10-scenario story arc of the Polish fight against the Red Army in 1948, in the opening days of the Third World War that never happened. Polish tankers wield Centurions and Pershings, plus some captured Nazi gear. There are also a couple of helicopters and a battalion of Polish paratroopers, with those nice thick die-cut-and-mounted counters.
