Top quality PunchedCon23 T-Shirts are now available to Pre-Order and will be with us early May. To match this years colour theme we have gone with a "Sand" coloured T-shirt with dark brown/chocolate printing.

We had brilliant feedback from last year's event regarding the overall quality of the T-Shirts and the printing. From this, we are supporting the same local printer and have requested their services once more to make this year's version.
